

Research and Innovation Centre Khulna University Khulna

গবেষণা প্রকল্প প্রস্তাবনা সমূহ : ২০২৪-২৫ (২য় পর্যায়)

S.L	ID	Name and Designation	Discipline	Title	Duration	RAC Approved Budget
1.	44	(a) Md. Shahin Parvez Associate Professor (b) Prof. Dr. Mst. Muslima Khatun	FMRT	Development of biofloc technology for walking catfish as a climate-smart aquaculture technology in Bangladesh	12 months	4,80,000/=
2.	46	Prof. Dr. Muhammad Abdur Rouf	FMRT	Poison-Fishing and its Effects on the quality of fishes from the Sundarbans, Bangladesh	12 months	8,14,600/=
3.	50	Anti Islam Scientific Officer	IISCE	Comparative Endophytic Fungi Profiling of Healthy and Top Dying <i>Heritiera fomes</i>	18 months	9,00,000/=
4.	51	Prof. Dr. Mohammad Wahiduzzaman	Mathematics	Numerical simulation of the tide-surge generated by the super cyclone Amphan.	12 Months	5,00,000/=
5.	29	Prof. Khan Golam Quddus	AT	Acclimatization of sweet pepper (<i>Capsicum annum L.</i>) in the coastal saline soils of Khulna Region Bangladesh through improved management practices	36 months	9,00,000/=
6.	43	Prof. Dr. Md. Mujibor Rahman	ES	Community-Scale Water Security Assessment in South-West Coastal Bangladesh: A Comparative Approach on Water Governance	12 months	3,50,000/=
7.	34	(a) Prof. Dr. Ayesha Ashraf (b) Shaila Siddiqua Assistant Professor	BGE	Haplotypes analysis of the mtDNA d-loop region for the genetic profiling of indigenous and imported buffaloes at Bagerhat, Khulna	12 months	4,99,000/=
8.	36	Prof. Dr. G M Atiqur Rahaman	CSE	Assessing Urban Green Space Quality Using Artificial Intelligence and Remote Sensing Imagery	24 months	7,25,000/=
9.	32	Prof. Dr. Md. Rubel Ansar	Bangla	বাংলাদেশের নারী যাত্রাশিল্পীর জীবন: আর্থ-সামাজিক সংকট ও উত্তরণ	24 months	7,25,000/=
10.	37	Prof. Dr. Md. Shamim Ahsan	ECE	Design and Development of a High Voltage Fused Deposition Modelling Type 3D Printer	12 months	4,50,000/=
11.	45	Dr. Shikder Saiful Islam Associate Professor	FMRT	Isolation and Characterization of Indigenous Probiotics and Evaluation of Synbiotic Interactions with Prebiotics to Enhance Growth, Immunity, and Bacterial Disease Resistance in fish and Shrimp	24 months	9,50,000/=
12.	41	Prof. Dr. Md. Abdullah Yousuf Al Harun	ES	Impact of stone crushing on environment and human health: A mixed mode study in Sylhet District, Bangladesh	12 months	4,25,000/=
13.	30	Prof. Dr. Shimul Das	AT	Diagnosis, epidemiology and nutritional consequences of viral disease complex on country bean (<i>Lablab purpureus L.</i>)	24 months	6,50,000/=
14.	49	Md. Mehedi Hasan Associate Professor	HRM	Everyday Sustainability: Household Perspective from Khulna and Rajshahi City Corporations, Bangladesh	12 months	6,50,000/=
15.	53	Dr. Md. Ahasan Habib Associate Professor	Physics	A spin-orbit torque driven magnetization reversal of a nanodevice by a linear down chirped current pulse	18 months	3,00,000/=
16.	40	Sabrina Akter Lecturer	Economics	Does energy poverty affect farmers' health? Evidence from southwestern region of Bangladesh	12 months	4,70,000/=
17.	56	Prof. Mohammad Zaber Hossain	SWE	Interactions of salinity and zinc on the reduction capacity of cadmium in vegetables grown in Cd contaminated saline soils	12 months	3,00,000/=
18.	54	Prof. Dr. Md. Rashedur Rahman	Physics	Study of the Temperature Dependent Dielectric and Magnetic Properties of Ni Incorporation Cobalt Based Nano-Ferrites through Co-Precipitation Method	12 months	3,00,000/=

19.	55	Md. Sadiqul Amin Associate Professor	SWE	Impact of silicon and biochar co-application on rice growth performance, nutrient uptake, and nutrient availability in saline soils	12 months	4,19,000/=
20.	42	Prof. Dr. Salma Begum	ES	Investigation of physicochemical parameters and heavy metals in the water and fish of estuarine belt of the Sundarbans ecosystem, Bangladesh	12 months	5,00,000/=
21.	38	Prof. Dr. Uzzal Biswas	ECE	Yellow Helmets: Real-time Construction Site Monitoring and Spatial Mapping with Computer Vision and Deep Learning	12 months	5,00,000/=
22.	47	(a) K.M. Abdullah Al-Amin Rabbe Assistant Professor (b) Dr. Md. Mahmud Alam Associate Professor	History & Civilization	The Psychological Vulnerability of the Adjacent Inhabitants in the Bangladesh Sundarbans	12 months	4,55,000/=
23.	31	Prof. Md. Rejaul Islam	AT	Morpho-Molecular Insights into Fusarium oxysporum of Cotton in Bangladesh and its Management	24 months	7,00,000/=
24.	33	Prof. Dr. Ahsan Habib	BGE	DNA barcoding for assessing distribution patterns in seaweed species in the littoral and sublittoral zones of Bangladesh	24 months	9,25,000/=
25.	35	Prof. Dr. Kaykobad Md. Rezaul Karim	Chemistry	Comparative study of chemically synthesized rGO and plant based rGO for the removal of organic pollutants from waste water.	12 months	2,50,000/=
26.	48	Md. Sahidul Islam Assistant Professor	History & Civilization	The Unpublished Zamindar Houses of Magura District: Architectural style, Ornamentation and Sources	24 months	4,95,000/=
27.	52	Prof. Dr. Nripendra Nath Biswas	Pharmacy	Investigation of sterilization efficiency of hospital-based sterilizers in Khulna and determine bacterial susceptibility to conventional antibiotics fortified with natural quorum sensing inhibitors	12 months	5,00,000/=

Total

1,51,32,600/=
